## OUR TREATMENTS

Discover our comprehensive range of advanced treatments at The Hair Growth Clinic.

From innovative therapies to customised hair care plans, we are committed to helping you achieve healthy, vibrant hair.

Trust in our expertise and experience as we guide you on your journey to optimal hair health.

## CONSULTATION & SCALP SCAN

Our consultation involves a state-of-the-art scalp analysis using digital trichoscopy, a cutting-edge technology that allows us to evaluate individual hair follicles with remarkable precision. This advanced approach provides us with in-depth insights into the various factors that impact the health and condition of your hair and scalp, including nutritional deficiencies, hormonal imbalances, environmental influences, and genetic predispositions.

By closely analyzing your individual hair follicles, we can identify any underlying issues or potential factors contributing to hair loss, thinning, or other hair concerns.

This detailed assessment forms the foundation for tailoring a personalised solution that addresses your specific needs and goals.

\*Please note that before any treatment can be initiated, the Consultation & Scalp Scan must be conducted to assess your specific hair and scalp condition and tailor a personalized approach accordingly.

30 MINUTES ————— £250

## BLOOD TEST

Our blood test service offers a comprehensive Full Blood test to help identify potential underlying causes of hair thinning and hair loss. This test includes assessments of testosterone levels, thyroid function, vitamin levels, and iron status. By providing valuable insight into these key factors, our test can help individuals take proactive steps towards improving their hair health.

20 MINUTES ————— £250

## THE HAIR VITAMIN INJECTABLE

*Experience the transformative effects of Hannah's specialised treatment, meticulously designed to provide exceptional hydration and a powerful bio-stimulation effect, resulting in soft and shiny hair that exudes vitality.*

This innovative treatment involves the injectable application of a bespoke blend of vitamins, including Biotin and Growth Factors, carefully formulated to stimulate and activate the hair follicles. By directly targeting the root cause of hair concerns, this treatment promotes healthy hair growth and rejuvenates your locks from within.

Results from The Hair Vitamin Treatment can typically be observed within three weeks after the initial session. You'll notice healthier, more vibrant hair with improved texture and shine, enhancing your overall hair appearance.

To achieve optimal results, Hannah recommends scheduling one session every four weeks.

30 MINUTES ————— £280

## THE SUPER BOOST

*The Hair Growth Clinic's Supreme Growth Treatment*

Exclusive to The Hair Growth Clinic, the Super Boost Treatment is a unique and comprehensive approach to restoring damaged and lackluster hair. This advanced treatment combines the power of triple plasma injections, hair vitamin injections, peptide injections, and amino acids to rejuvenate and revitalize your hair like never before.

This treatment improves texture, shine, and volume.

30 MINUTES ————— £650

## HAIR GROWTH PLASMA INJECTIONS (PRP)

*Discover the transformative potential of Platelet Rich Plasma (PRP) therapy, a cutting-edge treatment that harnesses the power of your own plasma to deliver personalized solutions for hair restoration.*

*Led by our expert team, we combine the exceptional benefits of PRP with a bespoke treatment plan tailored specifically to your hair needs, ensuring remarkable results and a renewed sense of confidence.*

PRP, or Platelet Rich Plasma, is a concentrated form of platelet cells derived from your own blood. Platelets are small cells that circulate in the blood and contain essential growth factors, which stimulate the regrowth of blood vessels, cells, and tissue, promoting healing and rejuvenation.

Plasma, the liquid component of blood, contains vital factors necessary for cell survival, including nutrients, vitamins, hormones, electrolytes, growth factors, and proteins.

By utilizing the power of your own plasma, PRP stimulates natural hair growth and rejuvenates the scalp, leading to remarkable results and improved hair health.

PRP therapy offers a safe and natural solution for hair restoration, harnessing the regenerative properties of your own blood to promote healthy hair growth.

\*Please note that 3 to 6 sessions (depending on your situation) per year are recommended for obtaining optimal visible results. The gap between each treatment is about 4-6 weeks is recommended.

60 MINUTES ————— PRICE UPON CONSULTATION

## THE SCALP FACIAL

*Introducing our most popular treatment, The Scalp Facial. This unique and pain-free treatment offers a transformative experience that cleanses, stimulates, nourishes, and hydrates the scalp, unlocking the full potential of your hair.*

The Scalp Facial is a revolutionary treatment that goes beyond ordinary scalp care. Combining the power of suction, deep cleansing, and growth factors, it provides a comprehensive solution to address scalp concerns and promote healthier-looking hair. By deeply cleansing and nourishing the scalp, this treatment encourages the growth of thicker, stronger hair, revitalizing your locks from the roots.

By deeply cleansing and nourishing the scalp, it removes buildup, unclogs hair follicles, and balances sebum production. This, in turn, promotes a healthier scalp environment for hair growth, encouraging the development of thicker, stronger hair. With each treatment, you'll notice an improvement in hair texture, volume, and overall hair health.

30 MINUTES ————— £200

## SCALP MICRONEEDLING

*Unlock Growth Potential with Scalp Microneedling*

Scalp Microneedling is a transformative treatment that helps combat various types of hair loss and promotes hair regrowth. By creating tiny punctures on the scalp through derma rolling, this procedure activates hair cells and stimulates regeneration. Additionally, it induces collagen production in the scalp, providing a supportive environment for stronger and healthier hair growth.

25 MINUTES ————— £250

## HAIR BOTOX

*Experience the transformative power of Hair Botox, a specialized treatment designed to improve the health and quality of your hair, while providing essential support for new hair growth.*

Hair Botox utilizes a patented formula enriched with 7 peptides and hyaluronic acid, carefully selected to nourish and rejuvenate your hair from within. This innovative treatment works by smoothing the hair's cuticles, reducing frizz, and restoring essential moisture, resulting in improved hair texture, shine, and manageability.

Unlock the potential of your hair with Hair Botox and embrace the opportunity to enhance its health, volume, and vibrancy.

30 MINUTES ————— £290

## HAIR REHAB

*Indulge in a complete hair transformation with Hair Rehab, expertly curated by Hannah to revitalize your hair from the inside out. This treatment provides a full refurbishment of your hair, leaving you with lustrous hair that exudes radiance.*

Hair Rehab is a powerful combination course that combines Scalp Detoxing, Hair Filler, Hair Vitamins, and Hair Botox. This holistic approach addresses various aspects of hair health, providing nourishment, hydration, and strength to achieve remarkable results.

Hair Rehab is perfect for those seeking a complete hair transformation, particularly individuals preparing for special events, where having shiny and voluminous hair is essential.
